The Respond tool

The screenshot displays the Respond tool interface. The main window shows a poll question: "What was the best learning experience you ever had?" with a sub-question: "What commonalities do you see with your classmates?". To the right, a "Respond" panel is open, showing a "Your Response" section with a text input area and a "Submit" button. Below the response section, there are links for "Live Chat", "Bookmarks", and "Zoom Chat+".

“Who am I?” Reflection Questions

1. How easy/difficult was it to generate your list?
2. What came to the top/didn't make the list?
3. What about the order of your items on the list?
